

## PRODUCT DATA SHEET

Product ID                    RGP11  
Description:                Utility Multi Purpose Polestrap

Accredited to:            EN 358:1999  
Material:                 43mm polyester webbing 3000kg  
                               75mm webbing abrasion pad  
Fittings:                 Double action safety hook on  
                               adjustable end  
Weight:                  0.95kg  
Features:                 Fully approved and used  
                               extensively by major utility  
                               companies

The RGP11 has been specially designed with a controlled release adjuster buckle to ensure safe operation and adjustment.

Double layer abrasion pad protects the strap from damage. Velcro strap sewn to hand hold provides a safe means of retaining loose end. Additional label sewn inside a pocket to allow for entering user details.

Swivel snap hook and triangle / karabiner ensures flat surface contact with pole. 40mm sliding loop keeps the straps level and reduces the risk of premature webbing wear through the buckle. Available with different hook / karabiner options.
