

TRAINING COURSE

Product ID: RGT6:RR

Description: Suspended Operative Rescue - RidgeRescue

Prerequisite – Must meet the minimum age of 18 years and must be fluent in English. Delegates must show evidence of their competency for working at height. It is advised that anyone attending the course has completed the 'RGT1 Fall Protection Equipment, Awareness & Inspection' or equivalent recognised course. Delegates must be physically able to carry out the practical elements of the course.

Course:

This half day training course is intended for operatives requiring the minimum knowledge to meet the legal requirements for rescue at height.

Course Objectives:

This practical course will enable operatives to use the Ridge Rescue kit to rescue a suspended person who has fallen from a platform. Operatives will learn how to use the device in an emergency evacuation situation.

Who will benefit?

All personnel in your organisation involved in planning, carrying out, supervising and managing rescues from height in the work place.

Course Content:

- Legislation / guidance
- Mechanics of a fall
- Correct selection of fall protection equipment (includes common hazards associated with different equipment types including practical exercise)
- Suitable anchor points
- Donning a harness (refreshing skills)
- Equipment compatibility
- Correct working methods
- Requirements for rescue (Work at Height Regulations 2005)
- Contents of rescue kit
- Suspended operative rescue
- Emergency evacuation training
- Site considerations (anchor points, drop zones, general observations)
- Pre-use inspections & function checks (including practical session)
- Setting up of equipment (including practical session)

Training Methods:

Lectures, printed course material, practical demonstrations and hands on exercises in inspecting, checking, setting up and using evacuation and rescue equipment. All training is designed and delivered to meet BS 8454:2006 code of practice for the delivery of training and education for work at height and rescue.

Certification:

Successful delegates will receive a 3 year RidgeGear certificate.

PPE Requirements:

Delegates must provide their own comfortable clothing, protective footwear and prepare for all weather conditions. Delegates may be required to provide their own PPE but this will be communicated by RidgeGear in the planning stage of training.

Course duration / number of delegates:

This course is designed for up to 6 delegates at any one time and is held over half a day, typically 09:00 – 12.00 or 13.00 - 16:00.
